1) Resolutions Committee:

Resolution:

WHEREAS Advocacy is recognized as an important but relatively inactive function of the Institute, and

WHEREAS we do not currently have the organizational capacity to represent the profession at national consultations on pressing environmental health issues, and

WHEREAS the current structure of the executive team limits CIPHI’s capacity to respond in a timely manner to consultation requests, and

WHEREAS there is currently no set budget allocated for carrying out this important function,

THEREFORE BE IT RESOLVED THAT:

The National Executive Committee establish a position of External Advocate as a "staff" position, with an initial budget of $10,000 per year to cover a stipend, per diem and travel expenses to attend and represent the environmental health field and CIPHI at national consultations as directed by the President.

Explanation:
The NEC may want to look at retaining a recently retired PHI or a practicing PHI who wants to reduce their work time to less than full time. They would only be paid the stipend for actual expenses.

17. Next Meeting: Winnipeg, Manitoba 2001
