

## Recognition of 50 Year Members

Being a member of any organization for 50 years is most certainly an achievement but most certainly an important milestone that should be recognized.

For those who have done so with the Canadian Institute of Public Health Inspectors across Canada they not only are expressing their support for their profession but are also expressing their dedication to the Institute.

Recognizing the importance of these members and their contributions to the Institute over the years is more than well deserved. In acknowledgement of 50 years of membership the following protocol for recognition shall be followed:

- ◆ A CIPHI 50 Year Member is any person who has been a continuous member with CIPHI for 50 years and includes those who have received a Life Membership or a Retired Membership.
- ◆ A list of 50-year members is to be updated and maintained by the National Branch.
- ◆ The National Branch will be responsible for notifying the respective Provincial Branch of member's anniversaries.

50-Year CIPHI Members will receive:

1. A commemorative etched crystal artwork recognizing their 50 years of dedication (see next page). The wording on the name plate (to be done by the Branch giving the award) of the crystal artwork is to be as follows:

in recognition of 50 years of membership  
in the  
Canadian Institute of Public Health Inspectors

*( Note: the wording must be etched in a gold writing on a black background. )*

2. Receive a congratulatory letter co-signed by the CIPHI National President and the Branch President of which the member belongs.
3. Be acknowledged in the Environmental Health Review (National), by the National President, within the year of the member's 50<sup>th</sup> anniversary.
