The Manitoba government recognizes the importance of building an exemplary civil service that is inclusive and reflective of the population it serves. We encourage applicants to voluntarily self-declare in the cover letter, resumé or application if they are from any of the following employment equity groups: women, Aboriginal people, visible minorities, and persons with disabilities.

Employment Equity is a factor in selection for this competition. Consideration will be given to Aboriginal Persons, and persons with disabilities.

An eligibility list may be established and maintained for up to 12 months for similar (term and regular) vacancies.

Applicants may be required to undergo testing to validate their knowledge, skills and abilities as they relate to the qualifications of the position.

Qualifications:

- Completion of a post-secondary degree in Environmental Health from a recognized educational institution. An equivalent combination of relevant education, training and experience may be considered.
- Experience with inspections as well as monitoring and enforcement of regulations, guidelines, by-laws and/or Acts to ensure compliance.
- Experience investigating complaints.
- Strong working knowledge of The Public Health Act, regulations and public health inspection programs, in addition to general knowledge of other Provincial and Federal Acts and regulations.
- Strong problem solving ability and decision-making skills.
- Effective time-management and organizational skills.
- Well-developed verbal communication skills, including the ability to deliver presentations.
- Well-developed written communication skills.
- Ability to manage potentially high conflict situations effectively.
- Proficient in the use of computer based applications.

Duties:

The primary responsibility of this position is to administer and enforce regulations under The Public Health Act and Non-Smokers Health Protection Act. Duties include compliance/monitoring activities, inspections, complaint resolution, and enforcement action pertaining to Permits, License's, Regulations, and Orders in the enforcement of public health and environmental legislation administered by the department. Analyzing data, preparing reports, making recommendations, and taking appropriate action are also requirements of these positions.
